Dear Mr. Black,

RE: Finance Docket No. 34075 - Environmental Comments

Gunnison City does not have any environmental comments concerning the proposed rail line route between
Levan and Salina, Utah.

We are in favor of this project, as it will take the many diesel coal trucks off our Main Street, which is
US Highway 89 through the middle of our city. Those trucks create an environmental concern with
air pollution as well as a safety issue.

Sincerely,

Mark B. Henline *by me* and Gunnison City Council.
